

Martin University Campus Safety Policy and Campus Crime Statistics Report 2025-26 Academic Year

Martin University is committed to creating a safe campus environment for its students, employees, and visitors. The University complies fully with the published mandates of the Higher Education Opportunity Act (HEOA) of 2008 (Public Law 110-315) that reauthorized and expanded the Higher Education Act (HEA) of 1965 as it relates to campus safety, documentation of criminal activity, and dissemination of criminal activity information.

Each year, Martin University prepares and publishes this annual report containing information about campus safety and campus crime. Campus crime statistics are provided at the end of this document. This report is downloadable, and hard copies are available through the Office of Student Support Services and the Office of Human Resources upon request.

Campus Safety and Alerting System

In the case of a campus emergency, Martin University will communicate through the University's email and text alert systems.

The following are campus safety policies implemented by the University.

Maintaining a Log of Campus Incidents

Martin University maintains a written, easily understood log of incidents that include crimes. Campus Safety personnel maintain this log. This log lists any crime, by the date it was reported to the Campus Safety personnel, which occurs on-campus, on a non-campus building or property owned by the University, or on public property within the Campus Safety personnel's patrol jurisdiction. The log contains the nature, date, time, and general location of each crime and the disposition of the complaint, if known.

Campus Safety personnel will make an entry or an addition to an entry to the log within two business days (Monday–Friday, except days when the school is closed) of the report of the information to the Campus Safety personnel unless that disclosure is prohibited by law or would jeopardize the confidentiality of the victim. Martin University Campus Safety personnel may withhold one or more of the required pieces of information if there is clear and convincing evidence that the release of the information would:

- jeopardize an ongoing criminal investigation or the safety of an individual,
- cause a suspect to flee or evade detection, or
- result in the destruction of evidence.

However, Martin University will disclose any information withheld for any of these reasons once the adverse effect is no longer likely to occur.

Martin University will make the crime incident reports for the most recent 60-day period open to public inspection during normal business hours. Persons interested in inspecting the log should contact the Campus Safety personnel (317-444-9488). Martin University will make any portion of the log older than 60 days available within two business days of a request for public inspection.

Timely Warning of Criminal Activity

If a situation arises, either on or off campus, that, in the judgment of Campus Safety personnel, constitutes an ongoing or continuing threat, a campus-wide “timely warning” will be issued. The warning will be

issued to students, faculty, and staff through the University e-mail and text alert system.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, Campus Safety personnel may also post a notice at strategic locations on campus (e.g., student lounge, faculty lounge).

Anyone with information warranting a timely warning should report the circumstances to Campus Safety personnel by phone (317-444-9488) or in person at the dispatch center located on the first floor of the Administrative (Main) Building immediately inside the west entrance doors.

Preparation of Disclosure of Crime Statistics

The University annually prepares a crime statistics report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. This report is prepared in cooperation with Campus Safety personnel and local law enforcement agencies. Campus crime, arrest, and referral statistics include those reported to Campus Safety and local law enforcement agencies. University crime rate statistics for the most recent reported calendar year of 2024 are provided at the end of this document.

Each year, an email is sent to all enrolled students and current employees that provides the website address to access this report. Copies of the report may also be obtained through Student Services and Human Resources or downloaded from the University's website. All prospective employees may obtain a hard copy of the report from the Office of Human Resources by calling (317) 543-3672 or the Martin University website.

How to Report Criminal Offenses

To report criminal or suspicious activity, contact Campus Safety personnel by phone (317-444-9488) or report in person at the front desk on the first floor of the Administrative (Main) Building. In the case of an emergency, dialing 911 may also be appropriate.

Voluntary Confidential Reporting

All instances of observed criminal or suspicious activity may be reported on a confidential basis. Moreover, any victim of a crime that does not want to pursue action within the University system or the criminal justice system may still want to consider making a confidential report. With permission, Campus Safety personnel can file a report on the details of the incident without revealing the reporting individual's identity. The purpose of a confidential report is to comply with the reporter's wish to keep the matter confidential while taking steps to ensure the future safety of his/herself and others. With such information, the University can accurately record the number of incidents involving students, determine where there is a crime pattern regarding a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner may be counted and disclosed in the annual crime statistics for the institution.

Security and Access

Martin University will be open to students, employees, and guests during business hours. All students entering the Main Building must show their student identification card issued by the University. Students without identification cards will be asked to manually sign in. Guests must sign in as part of the building admittance process. During non-business hours, access to all university facilities is provided by admittance via the Department of Campus Safety personnel.

Campus Law Enforcement Authority

Martin University Campus Safety personnel have the authority to ask persons for identification and to determine whether individuals have lawful business at Martin University. Martin University Campus Safety personnel do possess arrest power. Criminal incidents are referred to the local police, who have jurisdiction on the campus.

Encouragement of Accurate and Prompt Crime Reporting

Martin University students, faculty, staff, guests, and visitors are encouraged to report all crimes, suspicious behavior, and public safety-related incidents to the Martin University Campus Safety personnel in a timely manner. To report a crime, suspicious behavior, or an emergency occurring on the University campus, call Campus Safety personnel by phone (317-444-9488) or report in person at the front desk located on the first floor of the Administrative (Main) Building.

Security Awareness Programs for Students and Employees

During student orientation sessions, students are informed of the services Martin University Campus Safety personnel offer. Presentations outline ways to maintain personal safety. Students are informed about crime on campus and in the area immediately surrounding the University. Similar information is presented to new employees.

Alcoholic Beverages

Possessing, purchasing, manufacturing, selling, or making available alcoholic beverages on University-owned or controlled property or at University-sponsored or supervised activities is in violation of University policies and may be a violation of State or Federal law. Being in an intoxicated state while on University-owned or controlled property or at University-sponsored or supervised activities is also prohibited. Martin University will notify legal agencies when State or Federal law has been broken. Detailed policies regarding alcohol use, awareness/education, treatment, and possible actions against violators are contained in the Student Handbook (applicable to students) and the Martin University Personnel Handbook (for employees).

Illegal Substances

Possession or use of illegal or non-medically prescribed controlled substances violates State and Federal law and is expressly prohibited on Martin University-owned or controlled property or at University-sponsored or supervised activities. The manufacturing, selling, bartering, exchanging, or giving away of illegal or non-medically prescribed controlled substances to any individual or group of individuals is also illegal and prohibited on Martin University-owned or controlled property or at University-sponsored or supervised activities. Martin University will notify legal agencies in situations where State or Federal law has been broken. Detailed policies regarding illegal or controlled substances use, awareness/education, treatment, and possible actions against violators are contained in the Student Handbook (applicable to students) and the Martin University Personnel Handbook (for employees).

Disclosures to Alleged Victims of Crimes of Violence or Non-Forcible Sex Offenses

Martin University Campus Safety personnel, upon written request, will disclose to the alleged victim of a crime of violence or a non-forcible sex offense, the results of any disciplinary actions taken by the University against the person who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, Martin University Campus Safety personnel will provide the

results of the disciplinary hearing to the victim's next of kin, if so requested.

Preventing and Responding to Sex Offenses

The University educates students about sexual assaults through student orientation.

Victims of a sexual assault at Martin University are first encouraged to get to a place of safety and then obtain necessary medical treatment. Martin University strongly advocates that a victim of sexual assault report the incident in a timely manner. Time is a critical factor for evidence collection and preservation. An assault should be reported directly to a Campus Safety Officer. Filing a report with a Campus Safety Officer will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers.

When a sexual assault victim contacts Campus Safety personnel, the Indianapolis Police Department will be notified as well. The victim of a sexual assault may choose for an investigation to be pursued through the criminal justice system. A representative from the Indianapolis Police Department will guide the victim through the available options and support the victim in his or her decision. The Indianapolis Police Department will also provide appropriate counseling and support service referrals.

University disciplinary proceedings against persons accused of engaging in sex offenses are detailed in the Student Handbook.

Sex Offender Registration

The State of Indiana requires all persons convicted of a sexual offense to register with the State. As part of this registration process, sexual offenders must identify a work address and/or the address where they attend school. A database of registered sex offenders is accessible on the Internet at <http://www.icrimewatch.net/indiana.php>. The names of registered sex offenders who may be employed or enrolled at Martin University can be found using this database, searching registered offenders in the area of 2186 North Sherman Drive, Indianapolis, IN 46218 (Martin University's address), and selecting the "Work/Volunteer Addresses" and "School Addresses" Offender Address Type boxes.

Emergency Notification

If there is an immediate threat to the health or safety of students or employees occurring on campus, Martin University will follow its emergency notification procedures. These procedures are outlined in detail in the University's Emergency Preparedness Plan. The complete Martin University Emergency Preparedness Plan is located on the University's website at https://docs.wixstatic.com/ugd/8c4f8d_c575b81c743c4f60b8661b7f27c25ee1.pdf.
